

Nomad order form codes

Control types basic

C = Chain if spring assist type **SA** in not if you need a heavy duty spring assist type **SAH** in notes column

M = Motor, no chain type, motor name in notes column

Spring blinds Holland style are classed as **C** with chain type as **SP**

Spring blinds for skylights are also **C** with chain type as **NS**

Control types with Links and Idles

Links are where 2 blinds operate as one.

Idle links are where 2 blinds operate independently with a common middle bracket.

For these configurations we make codes by naming each end of the blind with a letter left to right.

C = Chain

M = Motor

L = Link

I = Idle Link

P = Pin

The codes can be used in the pairs below

Left Blind

CL - Chain / Link

ML - Motor / Link

PL - Pin / Link

CI - Chain / Idle

MI - Motor / Idle

Middle Blind

LL - Link / Link

IL - Idle / Link

LI - Link / Idle

Right Blind

LP - Link / Pin

LC - Link / Chain

LM - Link / Motor

IC - Idle / Chain

IM - Idle / Motor
